

Request for Domain Guard

Requestor¹

First name and last name	
E-mail address ²	
Telephone number	

Authorised to act on behalf of,

Registrant³

(Company) name	
Address	
Postcode, locality	
Country	

Hereby declares that he wishes to activate Domain Guard for the attached domain names and expressly declares to have examined the General Terms and Conditions, version 5.2 or higher (available from <http://dnsbelgium.be/en/documents/enduser-terms-and-conditions-be>) and agrees to them.

Number of domain names attached	
---------------------------------	--

The requestor authorises the person(s) below to temporarily allow modifications made to all .be domain names in the attachment to which Domain Guard applies.

Authorised person 1

First name and last name	
E-mail address ²	
Telephone number ⁴	

Authorised person 2⁵

First name and last name	
E-mail address ²	
Telephone number ⁴	

¹ The requestor may be: the registrant himself who is a natural person, someone who is authorised based on proof provided, someone who has power of attorney on behalf of an authorised person (based on proof provided).

² This must be a personal e-mail address (i.e. not an info@something.be address)

³ These details must correspond with the WHOIS data.

⁴ When receiving an update request, DNS Belgium will contact the authorised person only on the telephone number mentioned here. For each modification to the authorised person's contact details, the "Authorised person modification form" should be used.

⁵ It is advisable to designate a second authorised person as back-up. The consent of either of the authorised persons is sufficient to implement a change.

Authorised person 3

First name and last name	
E-mail address ²	
Telephone number ⁴	

Date of signature	
Signature of requestor	

This form must be accompanied by the following attachments:

If the registrant is a natural person:

- Copy of a valid identity document

If the registrant is not a natural person:

- Articles of association, registration in a companies' register, or other form of proof that demonstrates the requestor's authorised status

If the registrant and requestor are different:

- Copy of an identity document for the requestor

Submit this form to your registrar, who will then lodge the request with DNS Belgium.
